Prerequisite Coursework for Admission to the MAT Program: INTEGRATED SCIENCE Endorsement

General Admission Requirements for ALL Single Subject Areas

Letters of Recommendation

Two letters documenting two separate, successful experiences working with groups of children or adolescents. Experiences in public schools are preferred, and experiences working with students at the middle and high school ages are recommended.

Bachelor's Degree

Program participants must have a Bachelor's degree from a regionally accredited college or university in a field appropriate to the specialty endorsement.

Grade Point Average

Applicants should have a cumulative GPA of 3.0 in the most recent 90 quarter or 60 semester hours of undergraduate work and a 3.0 for courses completed in the selected endorsement area. Applicants who have a GPA lower than 3.0 may apply for post-baccalaureate admission.

Requirements Specific to the Integrated Science Endorsement

Degree Major

Applicants to the MAT program in Integrated Science must hold a baccalaureate degree with a major in the Sciences (or coursework equivalent to a major in Science).

Required Coursework in Integrated Science

The ideal candidate will have 60 quarter credits of Science distributed among the following four areas:

- Biology (9-15 credits)
- Chemistry (12-15 credits)
- Physics (12-15 credits)
- Earth Science: Geology (12 credits)(Choose 3 – ES 314, ES 315, ES 360, ES 481)
- Earth Science: Meteorology (3 credits) (ES 309)
- Earth Science: Astronomy (3 credits) (PH 112 or 113)
- Earth Science: Oceanography (3 credits) (ES 353)
