Hello Professor Gay,

Every term, the National Residence Hall Honorary, or NRHH, hosts a late night breakfast for all students on the evening of the Wednesday of week 10. This year, it is our goal to have more faculty and staff more involved in this event as we encourage our students as they enter their finals week. Involvement could be serving food (need an Oregon Food Handler's Card), greeting students, assisting with collection of nonperishable food items, line direction, removing dishes from tables, and wiping tables down.

We are hoping you can send this out through faculty senate to faculty for this opportunity. The event will take place on Wednesday, December 4th from 10 pm to 12 am.

If faculty members are interested in helping out, please direct them to email me at serranon@sou.edu and Allyson Beck at becka@sou.edu with their time availability for the night and what they'd like to assist with.

We look forward to having faculty being a part of this event!

Diamond Love,
Noheli Serrano
