							Average Award Amount FY2012			\$51,249			

**Column Heading Code Explanations:**

- (A) = Reflects the grant amounts "awarded" in prior years, for grants continuing to operate during current fiscal year
- (A) = Reflects new grant awards received in current fiscal year, plus current year grant allocations for awards received in a prior year
- (B) = Reflects awards for grants operating during the current fiscal year, but reflects the portion of the award that won't be accessible until some future year
- (C) = Reflects the total of all awards in categories (A) through (B)

**Footnotes:**

- ~ Report excludes grants dedicated exclusively for student financial aid
- ~ List includes awards for grants that had any activity during the current fiscal year. Grants that show a \$0 amount are still active in the current year, but the award was received in a prior fiscal year.
- ~ List doesn't include any "fixed-priced" contract work with outside agencies.

**Type Categories:**

- 1) Basic/Applied Research
- 2) Arts – Scholarly Work in the Arts
- 3) Teaching – Scholarship or Innovation in Teaching
- 4) Institutional Improvement
- 5) Facilities/Equipment Only
- 6) Training Grants
