

Thanks to a new "Librarian" role, it's possible to enroll your subject matter librarian in your Moodle course and grant them limited editing rights. With this role, librarians can easily access your course materials. They also have the ability to add a limited selection of resources and activities to your course so they can share resources with your students directly.

To enroll someone with this role

1. Open the **Users** option under Course administration and click on **Enrolled users**.
2. Click on the **Enroll users** link in the upper right corner.
3. Select **Librarian** from the list of role options in the **Assign roles** pull-down menu.
4. Enter all or part of the person's name in the field provided and click on **Search**.
5. Once their account is displayed, click on **Enroll**.

### What can Librarians do?

Individuals with the Librarian role can create these activities: choice (poll), glossary, lesson, questionnaire, quiz, wiki and workshop. They can also add files, folders, labels, pages, and URLs.

The image consists of three vertically stacked screenshots of the Moodle course administration interface, illustrating the steps to enroll a librarian. Each step is marked with a red circle containing a number.

- Step 1:** The 'Enrolled users' link is highlighted in the left-hand 'ADMINISTRATION' sidebar.
- Step 2:** The 'Enroll users' button is circled in red in the top right corner of the 'Enrolled users' page.
- Step 3:** The 'Assign roles' dropdown menu is open, and 'Librarian' is selected and highlighted in blue.
- Step 4:** The search field contains the name 'Ormes', and the 'Search' button is circled in red.
- Step 5:** The search results show '1 user found' (Dorothy Ormes), and the 'Enroll' button next to her name is circled in red with a blue starburst effect.
