June is National Safety Month

Join NSC and thousands of organizations nationwide in celebrating National Safety Month.

Observed annually in June, National Safety Month focuses on reducing leading causes of injury and death at work, on the road and in our homes and communities. We provide downloadable resources highlighting a different safety topic for each week in June. Topics for 2019 are Hazard Recognition, Slips, Trips and Falls, Fatigue and Impairment.

Share the Safety Message in June

Use a little bit of creativity to engage workers, families and communities in safety this June. These ideas should help get you started:

- Distribute the downloadable NSM materials*
- Create newsletters or blog posts
- Hold a safety trivia contest with weekly prizes
- Make an activity out of identifying hazards where you work and live
- Throw a safety fair, lunch 'n learn or celebratory luncheon
- Encourage others to take the SafeAtWork pledge at [nsc.org/workpledge](https://www.nsc.org/workpledge) (/work-safety/tools-resources/safe-at-work-pledge)
- Share posts on your social media channels using #NSM
- Provide safety training – watch for special NSM discounts or free opportunities
- Show you care about safety by making a donation to NSC

Preventable Deaths are on the Rise

Find out why.

[WATCH THE WEBINAR >](#)

*Public materials include poster, tip sheets, articles, family activities, special offers, social graphics and more!
Member materials include everything the public gets, plus 5-Minute Safety Talks, weekly posters, spot the hazard videos and more!

NSC remains focused on saving lives and preventing injuries, including raising public awareness of the opioid epidemic, helping to reduce motor vehicle crashes and improving safety practices in workplaces all across the country. With your help, we can make safety a priority in our communities, on the road and at work. Join us on the journey to eliminate preventable deaths and DONATE today (</forms/donate>)!

Special thanks to our National Safety Month nonprofit Partners: American Academy of Sleep Medicine, American Association of Occupational Health Nurses, American Industrial Hygiene Association, American Ladder Institute, American Staffing Association, CPWR – The Center for Construction Research & Training, National Floor Safety Institute, National Institute for Occupational Safety and Health, and Students Against Destructive Decisions.
