Academic Robes and Regalia
(Text courtesy of Brian Doyle and Marcus Covert)

The history of academic dress dates back to the Middle Ages when many of the scholars were also clerics and wore the robes of their monastic orders. In 1321, the University of Cambridge adopted specific styles and color combinations for its faculties. American colleges and universities desired to adopt a standard code of academic dress. At a conference held at Columbia University in 1895, representatives from various institutions adopted a code and regulations governing academic dress for colleges and universities in the United States. The standards continue to be followed by the American Council on Education.

The regalia worn today are traditional, and their colors, trimmings, and patterns represent the degree, the field of learning, and the institution which conferred that degree. The bachelor's gown has long pointed sleeves and designed to be worn closed; the master's gown has an oblong sleeve open at the wrist. The rear part of the oblong shape is square cut, and the front part has an arc cut away. The doctor's gown has bell-shaped sleeves, is faced with velvet, and has three bars across the sleeves. The color of the velvet is distinctive to the degree.

The hood also tells a story. The type of degree (Bachelor's, Master's, Doctor's) is indicated by the width of the velvet edging and the length of the hood, the doctor's hood being the longest and of a fuller shape than the others. The color of the velvet edging indicates the field of learning, and the colors of the lining designate the school which conferred the degree. The color of the tassel, worn on the left side of the mortarboard, also indicates the field of study and is gold for those with doctor's degrees.

The colors you will see today in the hoods and gowns of our faculty represent the various fields of learning:

- Arts, Letters, Humanities: White
- Music: Pink
- Business Administration: Drab
- Nursing: Apricot
- Education: Light Blue
- Science: Gold
- Fine Arts: Brown

The following are some of the other color symbols you may see at commencement:

- Agriculture: Maize
- Optometry: Green
- Public Health: Salmon Pink
- Dentistry: Lilac
- Oratory (Speech): Silver
- Engineering: Orange
- Pharmacy: Olive Green
- Social Science: Citron
- Forestry: Russet
- Philosophy: Royal Blue
- Theology: Red
- Home Economics: Maroon
- Podiatry: Nile Green
- Veterinary Science: Steel Gray
- Law: Purple
- Public Administration: Peacock Blue
- Medicine: Hunter Green

Certification of the conferral of a degree is by receipt of a diploma or official transcript noting degree completion, not necessarily participation in the commencement ceremony.

In keeping with Southern Oregon University’s commitment to environmental responsibility and sustainability, this booklet is printed on paper from responsible sources. Today’s graduates are wearing robes made from natural wood sourced exclusively from renewable, managed forests; the fabric is proven to completely decompose in soil within a year. Drinking water is available before and during the Commencement ceremony at a number of water stations. Your participation in helping lower our impact on the environment is greatly appreciated!

SOU students have coordinated a program to collect commencement gowns at the end of this ceremony to be reused next year by graduates in need. Graduates, if you do not wish to keep your gown, please donate it to one of the collection stations after the ceremony. The stations are located at the stadium exits and at the Ecology and Sustainability Resource Center office in the Stevenson Union basement.

Commencement Speaker

DENNIS SLATTERY

Dennis has lived in Ashland since 1977. Dennis grew up in the Native American villages of Alaska and served in the US Navy before coming to Ashland as a student at SOSC. Dennis’ first job in Ashland was in housekeeping at Ashland Hills Inn when it opened in 1978. Dennis worked his way up through the various levels of management to the general manager’s position between 1978 and 1991.

After leaving the hotel industry in 1992, Dennis returned to college, finished a degree in business, and added an MBA in 1997 and the CPA certification in 1999. From there, he started his own CPA consulting and tax firm, until teaching beckoned him in 2003. Coming from three generations of teachers, Dennis fell in love with the idea of teaching and mentoring students at SOU. He is in his 15th year as an associate professor. Dennis has served on Faculty Senate, along with many other University committees and task forces.

Dennis has a long history of community involvement, including serving as chair of the Visitor & Convention Bureau, president of the Ashland Chamber of Commerce and chair of the Ashland Citizens’ Budget Committee. Dennis is also currently in his second term on the Ashland City Council. He is a member of various community committees and organizations, including the Food Bank Board of Directors.

Being appointed to SOU’s inaugural Board of Trustees for SOU is something Dennis considers one of the greatest honors and most rewarding experiences of his career.

Dennis and his wife, Sandra, share a deep commitment to the community of Ashland and its citizens. Dennis’ hero is his mother, who was the first child to be born in this country to her Portuguese immigrant parents. She earned her teaching degree at the age of 50, becoming the first person in her family to go to college.
