

OREGON TRANSFER MODULE (OTM) ***At Southern Oregon University***

For students following a 2006 or later catalog year

The Oregon Transfer Module (OTM) provides a one-year curriculum for students who plan to transfer to a state of Oregon two-year or four-year school of higher education. The module allows students to complete one year of general education foundation course work that will apply to the transfer OUS institution and meet the admission standards of that transfer institution. Completion of the OTM qualifies the student for sophomore standing at an Oregon University System school.

Students should work closely with an academic advisor to ensure selection of appropriate course work. Upon transfer, students may be required to complete additional course work in general education and academic major requirements specific to the transfer institution. Students who transfer prior to the completion of the Oregon Transfer Module will have their courses evaluated by the receiving transfer institution. The course work in this module will also apply to the general education requirements of Southern Oregon University. Students must complete a *minimum* of 45 credits of lower division course work with a grade of C- or better in order to receive credit for the Oregon Transfer Module.

SOU students who require an OTM notation on their official transcript must do the following:

1. Complete all SOU **Lower Division** University Studies requirements, as shown here:

www.sou.edu/universitystudies/eligible.html

Again, it is vital to **work closely with an academic advisor to ensure selection of appropriate course work. Contact the Office of Academic Support Programs at 541-552-6213.**

2. When you believe you have completed all course requirements for the OTM, consult your academic advisor to certify that you have completed all OTM requirements. Discuss your need for the OTM with your advisor to ensure it serves your needs. After you complete this interview, your advisor will provide instructions to have the OTM recorded on your transcript.
