<a href="#">The Family Nurturing Center, Jackson County Children's Relief Nursery</a>	<a href="http://www.familynurturingcenter.org/">http://www.familynurturingcenter.org/</a>	A community-based non-profit child abuse and neglect prevention and intervention program. Created in May 2006 to serve high-risk Jackson County families with children six weeks to five years of age. FNC is making a difference in the lives of children and families by providing a blend of intensive support and interventions to break the patterns of abuse and neglect. The FNC focuses on the needs of children, their parents, and the family as a unit by offering services to keep children safe and families together.	The classes each have 6-8 children who have a history of abuse or neglect. Students have worked with the preschool children (ages 4 and 5), toddler children (ages 2-3) and wobblers ages 13 months to 2 years approximately. The children are placed in classes according to their development.	Rita Vance ritav@mind.net Jessica Trimmer jessica@familynurturingcenter.org (contact Rita first)	212 North Oakdale ave, Medford OR 97501	(541) 779-5242	Its great if students make a commitment to coming the same morning or afternoon each week for 3 hours (9-noon or 1:30-4:30, Monday, Tuesday, Wednesday or Thursday). It is best if the students can come when their practicums start in September and stay until May or June so that they can build relationships with the same children to promote the development and social/emotional growth of the children.	Most students in the past have had some experience with young children but the most important things are that the student loves being with young children and is willing to learn and implement new interaction strategies to help the children.	We will email a volunteer application and if the student is 18 or older information about applying for the Oregon Department of Employment Child Care Division Central Background Registry. When the student emails back the Family Nurturing Center Volunteer Application, they will be contacted to schedule an interview, a tour of the Family Nurturing Center and orientation and training. Students receive training in the Parent Child Interaction Therapy PRIDE and Don skills.
<a href="#">Family Solutions</a>	<a href="http://familysolutionsoregon.org/">http://familysolutionsoregon.org/</a>	With the highest ethical and professional standards, Family Solutions provides a continuum of community-based mental health services for children, youths, and their families. Our treatment philosophy is based on the value of preserving family integrity by helping children and families build on their strengths and empowering them to identify and implement solutions to their problems. Our guiding principles are: 1) respect for the family's strengths and wisdom and 2) finding resources within the individual child, family, and community. We draw on all relevant community resources to provide an integrated and supportive response.	Family Solutions encompasses many different programs throughout the Rogue Valley. <a href="#">Kids Unlimited</a>	<a href="http://kidsunlimitedoforegon.org/">http://kidsunlimitedoforegon.org/</a>	Kids Unlimited is a youth enrichment agency that services the local community through afterschool programs at five different schools in the district, summer camps for elementary and middle school children and many other community programs. For nearly a decade, Kids Unlimited has made it our mission to give the young people of Southern Oregon the chance to succeed. Poverty, violence, addiction and abuse are all barriers that prevent our community's youth from achieving their full potential. At Kids Unlimited, we know that children can transcend those hurdles with help from caring, committed leaders and structured programs that provide opportunities instead of obstacles.	During the school year the practicum students would be volunteering in our after school program working with either elementary or middle school students. They help with tutoring and homework from about 3-4/ 4:30 and assist or teach in an enrichment from about 4/4:30-5:30. We also have a kinder program that goes from 11-2 daily. If the student is looking for a little more practice with leadership or presenting they can design a project or presentation to implement during their time with us.
