Chairs & Program Leads,

Firstly, thank y'all for the ongoing conversations to date and the time spent! Your help and willingness to sport a few classes as part of the electives offerings is crucial and I am beyond grateful on this end.

Ok. Here it is (attached-please keep this between us for now in that it hasn't been approved or anything like that, yet). This is what I've been pouring my life into for the last 10 months. I am pretty excited to get this off the ground if able. I wholeheartedly believe it'll be a big win for SOU. I hope that the proposal looks ok and the class selections are copacetic. If you would be so kind so as to give me your final stamp of approval before I move forward that would be marvelous. I am meeting with the Curriculum Committee on Wednesday to go through this with them. Thanks!

Too, if you catch any typos (there should be few) please don't be shy in letting me know. I've scrubbed it pretty well, but could use the extra eyeballs. :v)

So hope this finds you well and in good spirits.
