To whom it may concern,

This is to provide a strong endorsement for the proposed Conflict Resolution Certificate. I encouraged Dr. Lange to pursue this proposal and was gratified to see it turn out so well. Its important subject matter; interdisciplinary nature; timeliness; and general fit with the College of Arts and Sciences, the larger university and the entire Rogue Valley, make it an especially fine and attractive option for our students.

Thank you,

A handwritten signature in black ink, appearing to read 'Alissa Arp'. The signature is fluid and cursive, with the first name 'Alissa' and the last name 'Arp' clearly distinguishable.
