Hello Andrew,

EMDA met yesterday and I am pleased to let you know that EMDA is both excited and supports the new Digital Cinema major.

We do want to share with you the typical fill rates for our EMDA courses and the frequency in which we offer these courses. Like with everything some of our courses fill quickly, others the added enrollment would be very welcomed, and some courses we don't offer often. Rachel is out with the flu - we will get these to you soon.

Thanks,

Robin Strangfeld
