Dear Andrew,

Yes, we had a good meeting to discuss the development of a major in Digital Cinema. We at the OCA are happy and delighted to collaborate in any way we can.

Regards,
David

David R. Humphrey, Ph.D.
Director

Hello, David.

Jody has asked me to include email documentation of our meeting when I submit the DCIN proposal in order to demonstrate our due diligence and our intention to work with existing programs.

Could you please shoot me a brief note confirming our conversation, our mutual commitment to future collaboration across divisions, and your overall support of the proposed major?

Thank you so much!
