RE: Pass/No Pass Policy
APC VOTE: 8-0-0, November 12, 2020

The Academic Policies Committee recommends that the current Pass/No Pass policy, created in response to COVID-19 conditions, be extended through winter term 2021 with continued appropriate communication to students about the possible consequences of P/NP courses for graduate school admissions, and certain employment requirements. We further recommend that Southern Oregon University revert back to its prior P/NP policy starting spring term 2021, unless another unforeseen exigency arises.
