Section 1. Faculty Governance

1.100

I. Guidelines for University Committees with Faculty Representation

1.110

A. Scope

University Committees are committees that draw their membership from more than one Secondary Academic Division (or campus unit).

1.120

B. Organization

University Committees are organized under two major oversight boards: the Faculty Senate and the University Planning Board. Both oversight boards make recommendations directly to the President.

1.130

C. Composition and Tenure

1.131

1. Committee Members' Tenure

Unless otherwise specified, standing committee appointments shall be for a period of three years. Approximately one-third of each committee will be selected each year, and ad hoc committee appointments shall be for the duration of the committee's work.

1.132

2. Ex Officio Membership

The University President may serve as an ex officio member of all committees and councils; other ex officio members are specifically designated, normally by office or position in the University.

1.133

3. Other Consultants

Committees and councils may select non-voting consultants as considered necessary for the performance of their assigned functions.

1.140

D. Naming Conventions

University Committees shall be identified as Committees, Councils, Boards, Task Forces, or Work Groups according to the following conventions:

1.141

1. Standing Committees

- a. Committees
 - (1) Charged with overseeing and completing specific tasks
 - (2) Relatively small in size (often 6-12 members)
 - (3) Make recommendations to administrator(s), Faculty Senate, University Planning Board, or other designated committee(s)
- b. Councils
 - (1) Charged with a significant advisory function in addition to overseeing and completing specific tasks
 - (2) Larger membership to represent a cross-section of perspectives (often 15-20 members)
 - (3) Make recommendations to a program director, administrator, or board
- c. Boards
 - (1) Charged with a significant governance function that includes review of policy and/or budget
 - (2) Large membership that is highly representative to facilitate awareness and interaction with all impacted areas across campus
 - (3) Decisions are still subject to Presidential approval and carry significant weight in campus governance

1.142

2. Ad Hoc Committees

- a. Work Groups
 - (1) Convened to complete a particular task with a specific completion date, often within a month or a quarter
 - (2)
 - (3) Have a clear outcome or report that signifies termination of the task and dissolution of the committee
- b. Task Forces
 - (1) Convened to complete specific tasks within a limited timeframe, normally under one year
 - (2) Have a clear outcome or report that signifies termination of the tasks and dissolution of the committee

1.150

E. Establishment of a Standing or Ad Hoc University Committee

1.151

1. Committee Approval

Because the demands University committees place on faculty and staff time, their establishment must be approved by one of the following individuals or boards: University President, Vice President, Director, Faculty Senate, or University Planning Board.

1.152

2. Committee Guidance

Upon establishment, a committee should be given a clear description, including charge, appropriate representative membership, reporting structure, and, if ad hoc, a timeline for the committee's work. Furthermore, the initial individual members should be elected or appointed, as appropriate to that committee's function.

1.160

F. Quorum, Voting Rights, and Membership

1.161

1. Quorum

Fifty percent (50%) of the voting members.

1.162

2. Student Members

Unless specifically prohibited, student members are encouraged to serve on University Committees, but they may not exceed 20% of the voting members of the committee. Student members have full voting rights, but they may not chair a committee. Unless otherwise specified, ASSOU appoints student members to University committees.

1.163

3. Ex Officio Members

Ex officio members are non-voting members and, as such, may not be included in determining a committee quorum nor serve as chair, with one exception—program staff may chair their program's advisory council.

1.170

G. Meetings, Minutes, and Recommendations

1.171

1. Standing committees are expected to be actively working or meeting at least quarterly.

1.172

2. It shall be the responsibility of the chair to schedule meetings and prepare the agenda.

1.173

3. Each committee shall submit minutes of all meetings to the appropriate reporting body.

1.174

4. Unless otherwise specified, all recommendations for changes in policy must be submitted to the University President for approval before taking effect.

1.230

C. Recall of a Senate Member

If absenteeism or other factors appear to render a senator ineffectual, a recall vote may be requested by a) one-third of the electorate for a School senator; b) twenty percent (20%) of the general faculty for a senator-at-large; or c) two-thirds of the Faculty Senate.
