

Assessment Coordinator sent all 21 new students an email link through Qualtrics two weeks after she spoke in their class in November, 2014. She followed with second email encouraging participation. 21 students completed the survey most likely because participation was required as part of COUN 571. (N = 21/21 = 100% response rate)

Professional Identity:

67% belong to ACA. 33% to AMHCA. These results are comparable to last year. One student also belongs to APS and 3 to WPA.

All students (100%) buy malpractice insurance from ACA or AMHCA.
Faculty do encourage joining counseling organizations. (4.3 on 5 pt. scale)
14% attended seminars, conferences, and trainings in past year.

() indicate mean on 7 point Likkert scale. Suggestions and comments follow.

Program Strengths (6.0 or higher):

- 7. The acceptance process was managed effectively. (6.1)
- 10. Faculty mentoring meets my needs. (6.0)
- 12. MHC Office Coordinator is helpful to students. (6.0)
- 13. MHC Faculty are helpful to students. (6.7)
- 15. Satisfaction with overall class schedule. (6.0)
- 16. Classroom facilities are conducive to learning. (6.2)
- 17. Educational resources are available. (6.5)
- 18. Impact of program on personal life is manageable. (6.3)
- 19. MHC program is meeting my expectations. (6.5)
- 21. I would recommend program to others. (6.7)
- 22, 23. Course syllabi adequately describe course objectives and grading criteria. (6.2, 6.4)
- 24. Grading is fair. (6.5)
- 25. Workload across courses is appropriate. (6.4)
- 26. MHC courses are academically challenging. (6.2)
