COUN 510 - Internship

~~1 to 84~~ credits

Offers a supervised counseling experience at selected agencies and organizations. Students provide counseling services to agency clients and function as part of the agency counseling personnel. Sessions are reviewed in both individual and group supervision. Documentation, on-site supervision and evaluation, and weekly meetings with the SOU supervisor required. Graded P/NP. CMHC students are required to take at least ~~9-16~~ credits of supervised internship during their program. ~~May not be repeated for additional credit.~~ Prerequisite(s): [COUN 571](#), [COUN 574](#), and enrollment in the CMHC program

~~Grade mode designated on a CRN basis each term. Students should consult current term schedule.~~

Explanation of changes:

The internship course is being changed from variable credit (1-8 credits) to a set standard 4 credits. This serves the purpose of both accounting for the number of overall internship hours our students accumulate (minimum 600 before graduation.) and clarifying for the student the appropriate number of credits to take.

It also results in an increase in the total number of credits from 90 to 97.

The changes are below with the original language (current catalog) in black or blue, the changed language crossed out in red, and new language in red.

These changes have been discussed and approved by the CMHC program.

Core Required Courses for the Master in Clinical Mental Health Counseling

(~~90~~97 credits) Please note, this should be 96 credits. The original 90 credits should have been 89.
- Patrick Stubbins

- [COUN 510 - Internship](#) ~~1 to 8~~4 credits (minimum of 9~~16~~ credits total)
- ~~COUN 507 - Seminar: Special Topics 1 to 4 credits OR approved PSY graduate classes; 3 credits required.~~
