Undergraduate Audition Requirements

After submitting an application to SOU, apply for admission to our program and consideration for Music scholarships [here](#). You may save your application and return to it at any time. You will be asked to audition to receive scholarship consideration. You may upload your audition or schedule an in-person audition on Saturday, February 4, 2017, at SOU in Ashland, Oregon.

Please be aware that auditions are required only for scholarship consideration. All students are welcome to major in music without auditioning. We encourage all students to audition so they may be considered for a scholarship award.

Horn

Demonstrate two octave chromatic scale, ascending and descending. Play one piece that represents your technical and musical level of advancement.
